

**Alex Austin's 1973 XASPERACHUN design, as sailed by
by Oliver & Roger Stollery in the 2022 36" Nationals at Gosport.
It was the heaviest boat in the fleet at 11 lbs, 11 oz, finishing 4th out of 9.
Oliver was enthused by this and wanted to build
a new boat. The brief for this is shown on page 2**

To transform XASPERATION/TAXACHUN into **XITE**
